Instalment shares fully protected by a life insurance policy, issued by a responsible life insurance company, that will mature same in case of death of the shareholder. If a member lives he has a profitable investment. If he should die before maturity the family is secured. Most liberal withdrawal features. We invite comparison.

Maturity of shares estimated at seven years. All payments upon shares cease with the eights fourth month. Each member, investor, or bertower, has a definite contract as to number if payments.

Pre-paid shares soid at 600 per share, which draws 6 per cent, interest the first year, 7 per cent, the second year, and a per cent thereafter until par value is reached or the same is withdrawn. Fully paid stock sold at 810 per chare; draws yer cent, interest.

While we may not be the largest Company in the field, we are hig enough to have lagon shares in force upon our books, with an Agency Force covering six States and as bright a future as any Association.

The net gain to our Canital Stock for the two years ending December, 180, was a litulatore 30 per e ut, per annum, without a single forcelosure of a mortgage.
